

HARVARD SUBSTATION COMMUNITY ADVISORY GROUP VIRTUAL MEETING NOTICE

Capital Grid Project

Pepco is committed to providing safe, reliable, affordable and sustainable energy to our customers and communities in the District of Columbia. The Capital Grid project is a forward-looking plan that will strengthen our energy grid and promote enhanced reliability. As a part of this project, the Harvard Substation is being rebuilt to upgrade and replace aging equipment and infrastructure.

We are committed to keeping you updated every step of the way regarding this critical work. We are meeting with the Harvard Substation Community Advisory Group (CAG) on **Monday, March 1, 2021** where we will provide updates on the Capital Grid Project and Harvard Substation work. Please join us for this virtual meeting.

Virtual CAG Meeting

DATE: Monday, March 1, 2021 **NEW DATE!**

TIME: 6:30 p.m. - 8:00 p.m.

Join Virtually (to view the presentation):
