Each Licensee shall certify the amount of funds held for Deposits and Prepayments through a notarized statement, subject to verification by the Commission. The certification and any audit by the Commission will verify the year to date collections and balances of Prepayments and Deposits as of a specific date and will be used to verify whether the Licensee has the appropriate amount of Customer Payments Bond coverage. The Commission reserves the right, in its sole discretion, to order the Licensee to have a Certified Public Accountant review such balances, should conditions warrant such a review.

4704.5 **Bond Foreclosure.** The Commission may foreclose upon any bond posted with the Commission when, in the Commission's discretion, foreclosure is necessary to ensure the fair and lawful treatment of the Licensee's Customers to ensure that Deposits and Prepayments collected by a Licensee from a Customer will be repaid to the Customer. - (b) **Updates.** The Commission, in its sole discretion, may determine whether or not to reevaluate the amount of the Integrity Bond in light of any changing conditions in the natural gas market at the time that a Licensee submits updated information, taking into consideration the Licensee’s previous and ongoing relationship with its Customers and its historical compliance with Commission rules and requirements. The Commission may request such information from the Licensee as may be necessary to make its evaluation. Aggregators who do not take title and Brokers will not be required to update the initial \$10,000 Integrity Bond.
- (c) After continuously providing service in the District for two (2) years, any Licensee that has submitted an Integrity Bond to the Commission in compliance with these requirements may request that the Commission return the previously posted Integrity Bond and waive the requirement for a future bond based upon the Licensee’s demonstrated record of continuous and uninterrupted service in the District of Columbia, without meaningful substantiated consumer complaints, as determined by and in the opinion of the Commission, and such other information as the Licensee may choose to present to the Commission. The Commission may accept or reject this request based on a review of the information provided by the Licensee and such other information as the Commission may deem appropriate. The Commission retains the discretion to require an Integrity Bond of the Licensee at a later date if circumstances change, or if the Commission otherwise

deems the requirement of an Integrity Bond to be necessary and appropriate. A Licensee that is not currently providing service and cancels its bond shall have its license suspended immediately, and is subject to revocation of its license in thirty (30) days following the bond cancellation.

In order to draw funds on this Bond, the Commission shall determine that the Licensee is financially insolvent or unable to meet its obligations as a Licensee to a Customer(s) who has suffered actual damages by means of failure, or by reason of the Licensee's breach of contract or violation of the Act and any orders, regulations, rules or standards promulgated thereto.
