PUBLIC NOTICE

April 6, 2023

**FORMAL CASE NO. 1168, IN THE MATTER OF THE APPLICATIONS FOR
APPROVAL OF BIENNIAL UNDERGROUND INFRASTRUCTURE IMPROVEMENT
PROJECTS PLANS AND FINANCING ORDERS,**

The Electric Company Infrastructure Improvement Financing Amendment Act of 2017 (“Act”), which amended the Electric Company Infrastructure Improvement Financing Act of 2014, became effective on July 11, 2017. The Act authorizes the collection and use by the District of Columbia (“District”) and the Potomac Electric Power Company (“Pepco”) of certain charges to finance the undergrounding of certain electric power lines and ancillary facilities in the District. The Act governs Pepco and the District Department of Transportation’s (“DDOT”) public-private partnership to bury overhead primary power lines to improve electric service reliability and reduce the impact of storm-related outages in the District. This project is commonly known as the D.C. Power Line Undergrounding (“DC PLUG”) initiative.

On September 30, 2021, DDOT and Pepco filed their joint application for approval of the third biennial Underground Infrastructure Improvement Projects Plan and the third application for a financing order, which included a request for approval of the Underground Rider. On January 27, 2022, the Public Service Commission of the District of Columbia (“Commission”) issued an order that approved, among other things, the Underground Rider. The Commission approved Pepco’s previous true-up request in Order No. 21145, issued on May 2, 2022.

The Commission hereby gives notice that on April 3, 2023, Pepco filed for approval of the true-up of the Underground Rider.

Underground Rider True-Up

Pursuant to D.C. Code § 34-1313.14(a), Pepco filed for approval of schedule provisions applying the true-up mechanism to the Underground Rider. The Underground Rider, a periodically adjusted rider to Pepco’s volumetric distribution service rates, allows Pepco to recover the costs charged by the District to fund work performed by DDOT to place underground the distribution feeders included in the Third Biennial Plan.

In accordance with the Act, the Underground Rider is applicable to all customers who take electric distribution service in the District, except customers served under Pepco’s Residential Aid Discount Rider. The proposed Underground Rider represents a total increase of approximately twenty-five (25) cents per month for a typical residential customer who uses 618 kWh per month. The recovery for any over- or under-collection shall be allocated to each customer class in the proportion to which the customer class contributed to the over- or under-collection.

The adjusted charges for the Underground Rider for each Rate Schedule are as follows:

Rate Schedule	Underground Rider (\$/kWh)
Residential Service	\$0.00161
Residential Service - Plug - In Vehicle Charging – R-PIV	\$0.00161
Master Metered Apartment Service	\$0.00406
General Service – Non-Demand	\$0.00327
Temporary Service	\$0.01141
General Service – Low Voltage	\$0.00607
General Service - Primary Service	\$0.00233
Time Metered Medium General Service – Low Voltage	\$0.00447
Time Metered General Service – Low Voltage	\$0.00426
Time Metered General Service – Primary Service	\$0.00245
Time Metered General Service – High Voltage	\$0.00023
Rapid Transit Service	\$0.00252
Street Lighting / Traffic Signal / LED Outdoor Lighting Service	\$0.00111
Telecommunications Network Service	\$0.00042

If granted in full, the average monthly effects of the proposed Underground Rider will be:

Underground Rider

* The effect of the proposed rates on any particular customer is dependent upon the actual usage of the customer.

Changes shown are for customers with average monthly usage based on 2022 weather normalized kwh and 2022 actual customer counts.

The Commission’s review of a request for approval of a schedule filed pursuant to D.C. Code § 34-1313.14(a) shall be limited to a determination of whether there is any mathematical error in the application of the true-up mechanism to the Underground Rider (D.C. Code § 34-

1313.14(c)). Pursuant to D.C. Code § 34-1313.14(d), the adjustments to the Underground Rider took effect, subject to refund and adjustment, on April 3, 2023, the date filed with the Commission.

On or before **April 13, 2023**, any interested party may file comments with the Commission with respect to the mathematical accuracy of the electric company’s calculations in the application of the true-up mechanism for the Underground Rider.

All written comments should be sent to Ms. Brinda Westbrook-Sedgwick, Commission Secretary, Public Service Commission of the District of Columbia, 1325 G Street, NW, Suite 800, Washington, D.C. 20005, or electronically at the Commission’s website at https://edocket.dcpsec.org/public/public_comments.

The Underground Rider true-up filing is available for viewing on the Commission’s website (www.dcpsec.org). Once at the website, open the “eDocket” tab, click on the “Searchable Database” and input “FC1168” as the case number.
