

2700 **PURPOSE AND APPLICABILITY**

2700.1 Pursuant to D.C. Official Code §§ 34-2001, *et seq.* (2010 Repl. & 2011 Supp.), this chapter shall establish rules governing the provision of telecommunications services in the District of Columbia. Except where otherwise provided, this chapter shall apply to all telecommunications service providers within the District of Columbia.

SOURCE: Notice of Final Rulemaking published at 48 DCR 4664 (May 25, 2001); as amended by Final Rulemaking published at 51 DCR 10001 (October 29, 2004); as amended by Final Rulemaking published at 54 DCR 11993 (December 14, 2007); incorporating by reference the text of Proposed Rulemaking published at 54 DCR 9404 (September 28, 2007); as amended Notice of Final Rulemaking published at 58 DCR 9020, 9021 (October 21, 2011).

2701 ASSESSMENT OF COSTS

2701.1 All telecommunications service providers shall be subject to an annual assessment in accordance with the provisions in 15 DCMR chapter 13.

SOURCE: Notice of Final Rulemaking published at 48 DCR 4664 (May 25, 2001); as amended by Final Rulemaking published at 51 DCR10001 (October 29, 2004); as amended by Final Rulemaking published at 55 DCR 12144 (November 28, 2008); as amended by Notice of Final Rulemaking published at 58 DCR 9020, 9021 (October 21, 2011).

2702 TARIFFS

- 2702.1 Prior to commencing service, all Competitive Local Exchange Carriers (CLECs) shall file tariffs with the Commission for each service offered within the District of Columbia. The tariffs shall describe the service being offered, all terms and conditions, and the rate or rates charged for the service pursuant to D.C. Official Code § 34-2002(f) (2010 Repl. & 2011 Supp.). Tariffs shall be maintained and updated as necessary.
- 2702.2 Tariffs filed by CLECs relating to tolls, charges, rate structure, terms and conditions of service, rate base, rate of return, operating margin, earnings, or cost of service shall be reviewed pursuant to 15 DCMR § 3501.12.
- 2702.3 When a CLEC amends or rescinds a tariff's service(s), terms and conditions, and/or rate or rates, the CLEC shall file an amended tariff with the Commission. The amended tariff shall be reviewed pursuant to 15 DCMR § 3501.12.
- 2702.4 When a CLEC amends a tariff that involves a change in conditions or services, the CLEC shall send a notice to all affected customers no later than the next billing period following the tariff amendment filing date. The amended tariff filed with the Commission shall include a statement certifying that this notice was or will be sent by the end of the next billing period following the tariff amendment filing date, identifying the date(s) the notice was or will be sent.

2703 ENFORCEMENT

2703.1 A violation of any statute, regulation, or Commission order may subject a telecommunications service provider to any of the actions prescribed by D.C. Official Code § 34-2002(h-1) (2011 Supp.).

SOURCE: Final Rulemaking published at 48 DCR 4664 (May 25, 2001); as amended by Final Rulemaking published at 51 DCR 10001 (October 29, 2004); as amended by Notice of Final Rulemaking published at 58 DCR 9020, 9021 (October 21, 2011).

2704 ABANDONMENT OF CERTIFICATION OR CERTIFICATE OF CONVENIENCE AND PUBLIC NECESSITY

2704.1 Any telecommunications service provider (“TSP”) certificated by the Commission that proposes to abandon the CLEC certification or certificate of convenience and public necessity in the District shall file an abandonment of certification application with the Commission no later than ninety (90) days prior to the proposed date of the abandonment of certification or certificate. The application shall contain, in the following order and specifically identify the following information:

- (a) The applicant’s name, address, telephone number, fax number, the name under which the applicant is providing service in the District of Columbia, the date and order number of the Commission order that authorized the applicant to provide telecommunications services in the District of Columbia, if applicable, and the proposed abandonment date;
- (b) A complete explanation of the reasons for the proposed abandonment of certification;
- (c) A description of the arrangements made for payment of any outstanding taxes, fees, or other amounts owed to the Commission or any other agency of the District of Columbia;
- (d) A statement as to whether the applicant owns facilities in the District of Columbia, and if so, a plan for the applicant to remove, maintain, or transfer any facilities in the District of Columbia that would otherwise be abandoned; and
- (e) An affidavit signed by a company officer verifying that all of the information in the application is true and correct.

2704.2 If, at the time of the filing of the abandonment of certification application, the TSP is providing service to customers, the applicant also shall file an abandonment of service application pursuant to 15 DCMR § 2705 and/or 15 DCMR § 2706, as appropriate.

2704.3 The TSP shall serve a copy of its abandonment of certification or certificate application on the Office of the People’s Counsel on the same day that the application is filed with the Commission.

2704.4 The applicant shall return any customer deposits within fifteen (15) days of the abandonment of certification application filing date. Upon full payment of these deposits, the applicant shall notify the Commission that all deposits have been paid by filing an affidavit explaining how and when these payments were made.

2704.5 Within thirty (30) days after receiving the abandonment of certification application, the Commission shall either approve the application, reject the application, or request supplemental information. If the Commission requests

supplemental information, the applicant will be afforded fifteen (15) days to provide the Commission with such supplemental information.

2704.6 The Commission shall approve an abandonment of certification or certificate application if:

- (a) The TSP has satisfied outstanding debts owed to the Commission or any agency of the District of Columbia government;
- (b) The TSP has developed and implemented a comprehensive plan for returning customer deposits; and
- (c) The approval of the abandonment of certification application or certificate would serve the public interest.

2704.7 No TSP shall abandon its certification or certificate absent Commission approval. Upon receiving Commission approval, the applicant shall void any existing interconnection agreements by notifying the Commission and any TSP with which the applicant has signed an interconnection agreement of the abandonment of certification or certificate. Upon receiving Commission approval, the applicant shall also withdraw all existing tariffs on file with the Commission.

2705 ABANDONMENT, REDUCTION, OR IMPAIRMENT OF SERVICE

2705.1 Any TSP certificated by the Commission that proposes to abandon, reduce or impair the provisioning of telecommunications services in the District of Columbia shall file an application with the Commission no later than ninety (90) days prior to the proposed date of abandonment, reduction or impairment of service. This Section 2705 shall apply if a TSP proposes to abandon, reduce or impair the provisioning of telecommunications services in the District of Columbia, either in whole or in part (including, but not limited to, for a class of customers, such as residential customers or business customers or for customers located in specified geographic areas). However, this section does not apply where a TSP in the ordinary course of business is proposing only to:

- (a) Terminate service to an individual customer for reasons applicable to that customer (for instance, because the customer has failed to pay charges due to the TSP);
- (b) Withdraw a discretionary custom calling service feature (for instance, caller ID or call waiting);
- (c) Limit availability of a service so that the service is available only to the TSP's customers who already subscribe to that service; or
- (d) Change a rate, term or condition for a service.

2705.2 The abandonment of service application shall contain, in the following order and specifically identify the following information:

- (a) The applicant's name, address, telephone number, fax number, the name under which the applicant is providing service in the District of Columbia, the date and order number of the Commission order that authorized the applicant to provide telecommunications services in the District of Columbia, if applicable, and the proposed abandonment of service date;
- (b) Description of the nature of the proposed abandonment, reduction or impairment of service;
- (c) A complete explanation of the reasons for the proposed abandonment, reduction or impairment of service, including, but not limited to, a statement as to whether the applicant proposes to abandon the provisioning of telecommunications services in the District of Columbia in whole, or only in part, and if only in part, a description of the proposed abandonment, reduction or impairment of service (for instance, for a class of customers, such as residential customers or business customers, or, customers located in specified geographic areas);
- (d) A plan for the refund of any deposits collected from affected customers, with accrued interest less any amounts due to the applicant;

- (e) If the applicant proposes to abandon the provisioning of telecommunications services in the District of Columbia in whole, a description of the arrangements made for payment of any outstanding taxes, fees, or other amounts owed to the Commission or any other agency of the District of Columbia;
- (f) A statement as to whether the applicant owns facilities in the District of Columbia, and if so, a plan for the applicant to remove, maintain, or transfer any facilities in the District of Columbia that would otherwise be abandoned;
- (g) An identification of the geographic area involved and date on which the applicant desires to make the proposed abandonment, reduction, or impairment of service effective;
- (h) A statement of the number of customers, classified by residential or business customer, affected by the proposed abandonment, reduction or impairment of service;
- (i) A statement of the number of customers affected by the proposed abandonment, reduction or impairment of service for whom the applicant receives universal service support;
- (j) A statement of the date on which notice of the proposed abandonment, reduction or impairment of service will be sent to affected customers;
- (k) A copy of the notice that will be sent to affected customers;
- (l) If the abandonment, reduction or impairment of service application is filed because the applicant is discontinuing TDM-based local exchange service, a copy of the application filed with the Federal Communications Commission pursuant to 47 C.F.R Part 63;
- (m) A statement of the factors showing that neither present nor future public interest, convenience and necessity would adversely be affected by the granting of the application; and
- (n) An affidavit signed by a company officer verifying that all of the information in the application is true and correct.

2705.3 The applicant shall serve a copy of its abandonment, reduction or impairment of service application on the Office of the People's Counsel on the same day that the application is filed with the Commission.

2705.4 Any TSP that proposes to abandon, reduce, or impair service in the District of Columbia shall notify each customer affected by the proposed abandonment in accordance with the customer notice provisions of Subsection 2706.5. Notice to customers shall be given in accordance with the customer notice provisions of Subsection 2706.5 even if the proposed abandonment, reduction or impairment of service is not otherwise subject to compliance with Section 2706.

- 2705.5 The applicant shall return all customer deposits affected by the proposed abandonment of service, with accrued interest less any amounts due to the applicant within seventy-five (75) days of the abandonment of service application filing date. Upon full payment of these deposits, the applicant shall notify the Commission that all such deposits have been paid.
- 2705.6 The applicant shall reimburse its customers affected by the proposed abandonment of service for any carrier charges including, but not limited to, service order charges and service installation charges directly associated with the transfer of those customers to another TSP and otherwise chargeable to the customers, as long as the transfer occurs within thirty (30) days of the notification to the customer of the applicant's abandonment of service. Except where the customer is transferred to an Acquiring Carrier (as defined in Subsection 2706.2) or to an "acquiring carrier" (as such term is used in 47 C.F.R. § 64.1120), the amount of the carrier charges that an applicant shall be required by this subsection to reimburse to a customer shall not exceed:
- (a) Fifty dollars (\$50) per residence service line; and
 - (b) One hundred dollars (\$100) per business service line.
- 2705.7 The Commission may by order annually increase the maximum amount of the carrier charges to be reimbursed by the applicant under Subsection 2705.6 by a percentage amount equal to the percentage increase in the Consumer Price Index – All Urban Consumers applicable to the District of Columbia as determined by the United States Government. Upon full payment of these amounts, the applicant shall notify the Commission that all such amounts have been paid.
- 2705.8 Within thirty (30) days after receiving the abandonment, reduction or impairment of service application, the Commission shall either approve the application, reject the application, or request supplemental information.
- 2705.9 If, within thirty (30) days after receiving the abandonment, reduction or impairment of service application, the Commission does not either approve the application, reject the application, or request supplemental information, the application shall be deemed approved.
- 2705.10 If the Commission requests supplemental information, the applicant has fifteen (15) days to provide the Commission with such supplemental information.
- 2705.11 If the Commission requests supplemental information and, by the later of thirty (30) days after receiving the supplemental information the Commission does not either approve the application, reject the application, or request additional supplemental information, the application shall be deemed approved.
- 2705.12 Approval of the abandonment, reduction or impairment of service application shall be subject to the applicant's compliance with the applicable provisions of Section 2706.

- 2705.13 The Commission shall approve an abandonment, reduction or impairment of service application if:
- (a) The TSP has satisfied outstanding debts owed the Commission or any agency of the District of Columbia government;
 - (b) The applicant has complied with this Section 2705, the applicable provisions of Section 2706, and all other applicable Commission rules and requirements of applicable law;
 - (c) The applicant has developed and implemented a comprehensive plan for returning customer deposits to customers affected by the proposed abandonment of service, with accrued interest less any amounts due to the applicant, and, if the applicant proposes to abandon its provisioning of telecommunication services in the District in whole, satisfying outstanding debts owed the Commission and/or other District agencies;
 - (d) The applicant has satisfied all switchover fees incurred by its customers affected by the proposed abandonment of service as required by Subsection 2705.6; and
 - (e) The approval of the abandonment, reduction or impairment of service application would serve the public interest. If the applicant is discontinuing TDM-based service, then the public interest consideration will also consider the factors in 47 C.F.R. § 63.602(b).
- 2705.14 No TSP shall abandon, reduce, or impair service in the District of Columbia without Commission approval. Upon receiving Commission approval for the abandonment of service, the applicant shall void any existing interconnection agreements by informing the Commission and any TSP with which the applicant has signed an interconnection agreement of the abandonment of service.

2706 ABANDONMENT OF SERVICE TO THE LOCAL EXCHANGE VOICE SERVICES MARKET

2706.1 Applicability

This section applies when a TSP that has one (1) or more customers proposes to abandon the provisioning of regulated telecommunications services to the local exchange voice services market or a portion of the local exchange voice services market (including, but not limited to, a class of customers such as residential customers or business customers, or customers located in specified geographic areas). However, this section does not apply where a TSP in the ordinary course of business is proposing only to:

- (a) Terminate service to an individual customer for reasons applicable to that customer (for instance, because the customer has failed to pay charges due to the TSP or because the customer is transitioning from regulated to unregulated service);
- (b) Withdraw a discretionary custom calling service feature (for instance, caller ID or call waiting);
- (c) Limit availability of a service so that the service is available only to the TSP's customers who already subscribe to that service; or
- (d) Change a rate, term or condition for a service.

2706.2 Definitions

For the purposes of this section the following terms and phrases shall have the meanings ascribed:

- (a) **Acquiring Carrier** - a local exchange carrier that has entered into an arrangement with an Exiting TSP to acquire the Exiting TSP's customers.
- (b) **Cut-Off Date** - the date after which an Exiting TSP's customers will have to wait until their migration to the Acquiring Carrier is completed before they can obtain local exchange service from a different carrier.
- (c) **Exiting TSP** - a TSP that proposes to abandon the provisioning of telecommunications services to the local exchange voice services market, or a portion of the local exchange voice services market (including, but not limited to, a class of customers such as residential customers or business customers, or customers located in specified geographic areas).
- (d) **Network Service Provider** - a local exchange carrier that provides interconnection, network elements, telecommunications services, collocation, or other services, facilities, equipment or arrangements, that:

- (1) Are used by the Exiting TSP to provide service to its customers;
or
 - (2) Will be used by a carrier (including, but not limited to, an Acquiring Carrier) that is acquiring one (1) or more of the Exiting TSP's customers, to provide service to those customers.
- (e) **Priority/Essential Customers** - any ambulance, police or fire service, hospital, national security agency, or civil defense organization, or any customer who has obtained Telecommunications Service Priority authorization from the Federal Government.

2706.3 Exit Plan

- (a) An Exiting TSP must file an Exit Plan with the Commission, OPC, and the District of Columbia Office of Unified Communications at least ninety (90) days in advance of the Exiting TSP's proposed discontinuance of service date. Upon good cause shown, the Commission may establish an alternative date by which the Exiting TSP must file its Exit Plan.
- (b) The Exit Plan filed by the Exiting TSP with the Commission must include:
 - (1) A statement specifying the Exiting TSP's proposed discontinuance of service date and, if there is an Acquiring Carrier, the proposed Cut-Off Date;
 - (2) A sample of the initial notice letter that will be sent to the Exiting TSP's customers pursuant to Subsection 2706.5;
 - (3) Plans for follow-up customer notification arrangements, such as a second letter, phone calls or bill inserts;
 - (4) A date by which the Exiting TSP's customers must select a new local exchange carrier;
 - (5) Contact names and telephone numbers for the Exiting TSP's cutover coordinator, regulatory contact and other pertinent contact personnel (such as customer service record ("CSR") and provisioning contacts);
 - (6) Any arrangements made for an Acquiring Carrier;
 - (7) Steps to be taken with the number code and/or pooling administrator to transfer NXX and thousand number blocks while preserving number portability for numbers within the code;
 - (8) The current customer serving arrangements (for example, UNE-Platform, UNE-Loop, resale or full facilities) and the underlying Network Service Providers;

- (9) To the extent feasible, a statement as to the following:
 - (A) whether there are any customers for whom the Exiting TSP is the only provider of facilities;
 - (B) the number of customers for whom the Exiting TSP is the only provider of facilities; and
 - (C) the number of lines for which the Exiting TSP is the only provider of facilities;
- (10) The number of customers impacted;
- (11) A statement setting out:
 - (A) The format in which the Exiting TSP's CSRs are being kept,
 - (B) What data elements are in these CSRs; and
 - (C) How the CSRs can be obtained by other carriers. Data elements include:
 - (i) Billing telephone number;
 - (ii) Working telephone number;
 - (iii) Complete customer billing name and address;
 - (iv) Directory listing information, including name, address, telephone number and listing type;
 - (v) Complete service address;
 - (vi) Current Primary Interexchange Carrier selection (inter/intraLATA toll service), including freeze status;
 - (vii) Local service freeze status;
 - (viii) All vertical features (such as, custom calling, hunting);
 - (ix) Options (such as, Lifeline, 900 blocking, toll blocking, remote call forwarding, off premises extensions);
 - (x) Tracking number or transaction number (for example, purchase order number);
 - (xi) Circuit identification information with

- associated telephone number;
 - (xii) Service configuration information (such as, UNE-Platform, UNE-Loop, resale or full facilities);
 - (xiii) Identification of the Network Service Provider(s); and
 - (xiv) Identification of any line sharing/line splitting on the migrating customer's line;
- (12) Any transfer of assets or control that requires Commission approval;
 - (13) Plans to modify and/or cancel tariff(s);
 - (14) Plans for reimbursement of switchover fees;
 - (15) Plans for treatment of customer deposits, credits, and/or termination liabilities or penalties;
 - (16) A description of the arrangements made for payment of any outstanding taxes, fees, or other amounts owed to the Commission or any other agency of the District of Columbia;
 - (17) Plans for the transfer, removal or abandonment of any Exiting TSP equipment or facilities on the customers' premises;
 - (18) A statement on whether the Acquiring Carrier will be responsible for handling any complaints filed, or otherwise raised, against the Exiting TSP prior to or during the migration of customers to the Acquiring Carrier; and
 - (19) Plans for unlocking the E911 database, including the letter detailed in Subsection 2706.8.
 - (20) A copy of any discontinuance of service application filed with the Federal Communications Commission ("FCC") pursuant to 47 U.S.C. § 214(a).
- (c) If the Exit Plan contains information that the Exiting TSP claims are confidential or proprietary, the Exiting TSP may seek confidential treatment of the confidential or proprietary information in accordance with 15 DCMR § 150. To the extent provided by 15 DCMR § 150 and other provisions of applicable law, copies of the confidential version of the Exit Plan shall be available to the Office of the People's Counsel, carriers, and other interested persons.
 - (d) If the Exiting TSP seeks confidential treatment of information contained in the Exit Plan, the Exiting TSP shall also file with the Commission a

version of the Exit Plan that omits the confidential information. The Exiting TSP shall serve the non-confidential version of the Exit Plan upon the Office of the People's Counsel. The non-confidential version of the Exit Plan shall be available from the Commission to carriers and other interested persons.

Within thirty (30) days after receiving the Exit Plan, the Commission shall either approve the Exit Plan, reject the Exit Plan, or request supplemental information. If within thirty (30) days after receiving the Exit Plan the Commission does not either approve the Exit Plan, reject the Exit Plan, or request supplemental information, the Exit Plan shall be deemed approved. If the Commission requests supplemental information, the Exiting TSP has fifteen (15) days to provide the Commission with such supplemental information. If within thirty (30) days after receiving the supplemental information the Commission does not either approve the Exit Plan, reject the Exit Plan, or request additional supplemental information, the Exit Plan shall be deemed approved.

2706.4 Industry Notification

- (a) When the Commission receives notice of the Exiting TSP's proposed discontinuance of service, the Commission Secretary shall post notice of the proposed discontinuance of service on the Commission's website under "Report of Telephone Companies Exiting the Local Exchange Market" at www.dcpsc.org.
- (b) On the same date that the Exiting TSP files its Exit Plan with the Commission:
 - (1) The Exiting TSP shall give notice to its Network Service Providers of its proposed discontinuance of service; and
 - (2) The Acquiring Carrier shall give notice to its Network Service Providers of its proposed acquisition of the Exiting TSP's customers.
- (c) If necessary, a conference call may be established by Commission Staff in order to address potential problem areas and procedures. The persons invited to participate in the conference call shall include all carriers providing service in the District of Columbia, the Exiting TSP's Network Service Providers, the Acquiring Carrier's Network Service Providers, Commission Staff, the Office of the People's Counsel, and such other persons as Commission Staff deems appropriate.

2706.5 Retail Customer Notification

- (a) If there is an Acquiring Carrier, the Exiting TSP and the Acquiring Carrier must give written notice to the Exiting TSP's customers of the Exiting TSP's proposed discontinuance of service and the proposed transfer of the customers to the Acquiring Carrier.

- (b) If there is not an Acquiring Carrier, the Exiting TSP must give written notice to its customers of its proposed discontinuance of service.
- (c) The written notice to be provided pursuant to paragraph (a) or (b) must be given at least sixty (60) days in advance of the Exiting TSP's proposed discontinuance of service date. Upon good cause shown, the Commission may establish an alternative customer notice period; provided that the customer notice must be given at least forty-five (45) days in advance of the Exiting TSP's proposed discontinuance of service date.
- (d) Contents
 - (1) The Commission shall adopt by order model customer notification letters that comply with Commission and FCC regulations. A customer notice letter issued pursuant to paragraph (a) or (b) must comply with the Commission's applicable model customer notification letter.
 - (2) The customer notification letter must include the following information:
 - (A) Statement that the Exiting TSP will no longer be providing the customer's local telephone service;
 - (B) If there is an Acquiring Carrier, the identity of the Acquiring Carrier;
 - (C) The customer's right to choose an alternative carrier;
 - (D) Clear instructions to the customer regarding the choice of an alternative carrier;
 - (E) The customer's need to take prompt action when there is no Acquiring Carrier;
 - (F) Time deadlines for customer action in accordance with the Commission's rules;
 - (G) A statement regarding switchover fees and the Exiting TSP's plans for reimbursement of switchover fees;
 - (H) The customer's responsibility for payment of telephone bills during the migration period;
 - (I) When the customer is being transferred to an Acquiring Carrier, information about the lifting and reestablishment of preferred carrier freezes;
 - (J) Applicable information about long distance service and whether it may be impacted by the change in local exchange carrier;

- (K) The Exiting TSP's plans for treatment of customer deposits, credits, and/or termination liabilities or penalties;
 - (L) The Exiting TSP's plans for transfer, removal or abandonment of any Exiting TSP equipment or facilities on the customer's premises;
 - (M) Information on the Acquiring Carrier's services and rates, terms and conditions, and on the means by which the Acquiring Carrier will notify the customer of any changes to these rates, terms and conditions;
 - (N) Whether the Acquiring Carrier will be responsible for handling any complaints filed, or otherwise raised, against the Exiting TSP prior to or during the migration of customers to the Acquiring Carrier;
 - (O) Any other information required by applicable law (including, but not limited to, any other information required by the Commission or the FCC);
 - (P) Toll-free telephone numbers for the Exiting TSP and the Acquiring Carrier;
 - (Q) Contact information for the Commission; and
 - (R) Contact information for the Office of the People's Counsel.
- (3) If there is an Acquiring Carrier, the customer notice letter must contain a Cut-Off Date and a statement that customers who have not selected an alternative carrier by the Cut-Off Date will be transferred to the Acquiring Carrier. When notice is given to the customer sixty (60) days in advance of the proposed discontinuance of service date, the Cut-Off Date shall be thirty (30) days before the proposed discontinuance of service date. When notice is given to the customer less than sixty (60) days in advance of the proposed discontinuance of service date, the Cut-Off Date shall be as specified by the Commission. The notification process must allow the customer thirty (30) days to select a new carrier. The Acquiring Carrier may not migrate the Exiting TSP's customers to the Acquiring Carrier until after the Cut-Off Date.
- (4) If there is not an Acquiring Carrier, the Exiting TSP must give at least one (1) additional notice to each customer who, twenty (20) days prior to the proposed discontinuance of service date, has not migrated to a new carrier. This additional notice must be given no later than fifteen (15) days prior to the proposed

discontinuance of service date or, upon a showing to the Commission that fifteen (15) days advance notice is not feasible, at the earliest possible date, as approved by the Commission. The form of the additional notice could include a follow-up letter, a telephone call to the customer, a bill insert, or any other means of direct contact with the customer.

2706.6 Mass Migration Process

- (a) As soon as is feasible after the Exiting TSP's Exit Plan is filed with the Commission, the Exiting TSP and the Acquiring Carrier shall establish with their applicable Network Service Providers appropriate arrangements for migration of the Exiting TSP's customers to the Acquiring Carrier. The Exiting TSP and the Acquiring Carrier shall submit to their applicable Network Service Providers any service orders and information needed to carry out the migration. Such service orders and information shall be submitted sufficiently in advance of the Exiting TSP's proposed discontinuance of service date so that the migration will be able to be completed by the proposed discontinuance of service date.
- (b) Carriers other than the Acquiring Carrier who are acquiring the Exiting TSP's customers shall submit to their applicable Network Service Providers any service orders and information needed to carry out the migration. To the extent feasible, such service orders and information shall be submitted sufficiently in advance of the Exiting TSP's proposed discontinuance of service date so that the migration will be able to be completed by the proposed discontinuance of service date.
- (c) The Exiting TSP shall make available to its Network Service Provider, its customers' new carriers and these carriers' Network Service Providers, the CSR information needed to migrate the Exiting TSP's customers, and any other information reasonably needed to migrate the Exiting TSP's customers. Upon request, the Exiting TSP shall also provide to Commission Staff CSR information for customers whose particular serving arrangements may create migration problems.
- (d) The Exiting TSP must track the progress of the migration of its customers and provide the Commission with progress reports. The reports shall contain a count of the customers that remain in service with the Exiting TSP and such other information as shall be specified by the Commission. The reports shall be provided at such intervals as shall be specified by the Commission. Subject to 15 DCMR § 150 and other provisions of applicable law, upon request by the Office of the People's Counsel, the Exiting TSP shall provide copies of the progress reports to the Office of the People's Counsel.
- (e) Except as authorized by the Commission pursuant to Subsection 2706.3(e) or as otherwise authorized by the Commission, the Exiting TSP shall not discontinue provision of service until all of its customers who will be affected by its discontinuance of service have migrated to other carriers.

2706.7 NXX Code Transfers

If the Exiting TSP has any NXX codes or thousand number blocks assigned, it must make transfer arrangements with the code administrator at least sixty-six (66) days prior to the proposed discontinuance of service date or by such earlier date as shall be specified by the code administrator.

2706.8 E- 911

- (a) The Exiting TSP must unlock all of its telephone numbers in the E911 database in accordance with the National Emergency Numbering Association's standards.
- (b) The Exiting TSP must submit a letter to the appropriate E911 service provider authorizing the E911 service provider to unlock any remaining E911 records after the Exiting TSP has discontinued provision of service. This letter must be provided at least thirty (30) days prior to the Exiting TSP's discontinuance of service. A copy of such letter shall be filed with the Commission.
- (c) The Exiting TSP must provide E911 service to any customer who does not select another local exchange carrier prior to the Cut-Off Date if it is technically possible to provide the service itself or the Exiting TSP may obtain such service from its underlying or any other carrier.

2706.9 Freezes

All customers who have preferred carrier freezes on the services affected by a migration to an Acquiring Carrier will be transferred to the Acquiring Carrier, unless they have selected a different carrier by the Cut-Off Date. The Exiting TSP shall lift existing preferred carrier freezes on services involved in a migration to an Acquiring Carrier. An Acquiring Carrier shall advise the customers that it is acquiring from the Exiting TSP that if they want preferred carrier freezes, they must contact the Acquiring Carrier to arrange for such freezes.

2706.10 Reservation of Rights

Nothing in this Section 2706 shall limit, or delay the right to exercise, any right that an incumbent local exchange carrier, TSP, or other person may have under an interconnection or resale agreement, tariff, or otherwise, to require payment for, to decline to provide, or to suspend or terminate, interconnection, network elements, telecommunications services, collocation, or other services, facilities, equipment, or arrangements.

CHAPTER 27: REGULATION OF TELECOMMUNICATIONS SERVICE PROVIDERS

Final Rulemaking published at 58 DCR 9020, 9027 (October 21, 2011) ; as amended by
Notice of Final Rulemaking published at 66 DCR 6383 (May 24, 2019).

2707 ABANDONMENT OF COPPER FACILITIES

2707.1 Applicability

This section applies when a TSP that has one (1) or more customers that are provided local exchange services over copper facilities (including, but not limited to, a class of customers such as residential customers or business customers, or customers located in specified geographic areas) proposes to abandon the provisioning of local exchange services over copper facilities. However, this section does not apply where a TSP in the ordinary course of business is proposing only to abandon copper facilities in order to resolve a service quality concern raised and agreed to by the customer with the TSP. Additionally, this section does not apply to an emergency repair situation in which copper facilities are replaced with fiber facilities in order to expedite resolution of out-of-service conditions for multiple customers.

2707.2 Public Notifications

Any TSP that seeks to abandon copper facilities used to provide regulated local exchange service shall file a notification of this abandonment with the Commission, OPC, and with:

- (a) The electric and gas public utilities, competitive electricity suppliers, and competitive natural gas suppliers in the affected service area at least 270 days before the proposed abandonment of copper facilities;
- (b) Any other TSPs that provides regulated local exchange service to residential or business customers in the affected service area at least 180 days before the proposed abandonment of copper facilities;
- (c) Business customers in the affected service area at least 180 days before the proposed abandonment of copper facilities; and
- (d) Residential customers in the affected service area at least 90 days before the proposed abandonment of copper facilities.

2707.3 The notice to customers, which the TSP shall file with the Commission and OPC, shall include:

- (a) The TSP's name and address;
- (b) The name, telephone number, and email address of a contact person who can supply additional information about the proposed copper facilities abandonment;
- (c) The implementation date of the copper facilities abandonment;
- (d) The location, by geographic area, of the copper facilities abandonment;

- (e) A statement indicating whether the copper facilities will be abandoned or removed; and
- (f) A description of the reasonably foreseeable impact of the copper facilities abandonment, including changes to rates, and terms and conditions of service.

2707.4 In addition to the information required by Subsection 2707.3, the notice to business and residential customers shall include:

- (a) A statement that the customer will still be able to purchase the existing local exchange service(s) to which he or she subscribes with the same functionalities and features as the service he or she currently purchases from the TSP, except that if this statement would be inaccurate, the TSP must include a statement identifying any changes to the service(s) and the quality, reliability, functionality and features thereof; and
- (b) A toll-free telephone number for a customer help line, a URL for a related Web page on the TSP's Web site with relevant information, contact information for the Commission's Office of Consumer Services, including the URL for the Commission's consumer complaint portal.

2707.5 The notice to each business and retail customer shall be in writing unless the Commission authorizes in advance, for good cause shown, another form of notice. The notice shall:

- (a) Be uniformly translated into another language when such notice is not written in the English language;
- (b) Not include any statement attempting to encourage a customer to purchase a service other than the service to which the customer currently subscribes;
- (c) Not include any marketing materials for unregulated services in the postal mail envelope containing the notice of copper facilities abandonment; and
- (d) Not identify the existing services in the notice by a brand or name used for any unregulated fiber-based services.

2707.6 If the proposed abandonment of copper facilities will result in the discontinuance of regulated local exchange service, then an application for abandonment of service to the local exchange services market required by Section 2706 must be filed 90 days before the abandonment of local exchange service.

2707.7 A TSP shall file with the Commission any notice of abandonment of copper facilities or Section 214(a) application filed with the FCC on the date that it was filed with the FCC.

District of Columbia Municipal Regulations:
CHAPTER 27: REGULATION OF TELECOMMUNICATIONS SERVICE PROVIDERS

2011); as amended by Notice of Final Rulemaking published at 66 DCR 6383 (May 24, 2019).

2708 RELINQUISHMENT OF CERTIFICATE

- 2708.1 A certificated party that has never had customers or facilities in the District of Columbia may, at any time, relinquish its certification to provide telecommunications service in the District of Columbia by filing an affidavit, signed by a party authorized to act on behalf of the certificated party, with the Commission verifying:
- (a) The certificated party's name, address, telephone number, fax number, and any other name(s) under which the certificated party applied for or received the certificate to provide telecommunications service in the District of Columbia that is being relinquished;
 - (b) That the certificated party has never provided telecommunications services to any customers and does not have facilities in the District of Columbia;
 - (c) That the certificated party owes no outstanding debts to the District of Columbia, or a description of the arrangements made for payment of any outstanding debts including taxes, fees, or other amounts owed to the Commission or any other agency of the District of Columbia; and
 - (d) That the certificated party understands that by relinquishing its certification, it may not provide local exchange service to any customers in the District of Columbia, regardless of the facilities used, and that in order to provide telecommunications services to any customers in the District of Columbia in the future, the certificated party must reapply for a certificate in accordance with Chapter 25 of the Commission's rules.
- 2708.2 The Commission shall act on any request to relinquish a certification within fifteen (15) days of its filing.

2710 **REPORTS**

2710.1 All TSPs in the District shall be required to file an annual report with the Commission on the Commission's annual report form by April 1 of each year, including the following information:

- (a) Type of services being provided to customers in the District as of the previous year ending December 31;
- (b) Number of lines and customers, classified by residential category and non-residential category;
- (c) Gross jurisdictional revenue for the previous year ending December 31, in accordance with 47 CFR Part 36;
- (d) Name, address, telephone number, fax number, and e-mail address, if available, of the regulatory and customer service contacts;
- (e) The means by which the TSP is providing service (such as, resale through the incumbent local exchange carrier, resale through another provider, facilities-based including lease of unbundled network elements, resale, and facilities-based, or other); and
- (f) Such other information as the Commission may require.

2710.2 A TSP requesting that its report, or any portion thereof, be treated as confidential shall follow the procedures outlined in 15 DCMR § 150 regarding confidential and proprietary information.

2720 RETAIL QUALITY OF SERVICE MEASURES

2720.1 All telecommunications service providers having more than ten thousand (10,000) access lines shall comply with and report on the following retail quality of service measures.

2720.2 Installation Commitments Met measure – This measure evaluates the percentage of times that a telecommunications service provider completed the installation of the customer’s local exchange service by the installation date. The installation date for business and residential customers is the close of business on the fifth business day following the date that the request for the installation was made or the customer-requested date, whichever is later. The following requirements apply:

- (a) The standard for this measure is ninety-five percent (95%) completion by the installation date per month;
- (b) Results for this measure shall be calculated by dividing the number of installation dates met by the total number of installation date commitments made. Results shall be stated as a percentage rounded to the hundredth decimal place using traditional mathematical rounding;
- (c) Data collected for this measure shall be disaggregated into residential and business customer categories and reported by those categories; and
- (d) If the installation date is missed due to customer fault, then it shall not be included in the sample to be measured. Customer fault means that access to the customer premises is unavailable during the five day window or installation at the customer’s premise cannot be done because the premises is unsafe or if the customer requests a different installation date from the telecommunications service provider before the installation date.

2720.3 Trouble Reports Per One hundred (100) Lines measure – This measure evaluates the number of access lines per one hundred (100) access lines for which a customer reports a trouble. The following requirements apply:

- (a) If a customer has multiple access lines and more than one (1) access line experiences a network service problem, then each access line shall be counted separately;
- (b) The standard for this measure is four (4) troubles per one hundred (100) lines;
- (c) Results for this measure shall be calculated by dividing the number of initial trouble reports by the total number of access lines. This figure is then multiplied by one hundred (100). Results shall be reported to the hundredth decimal place, rounded using traditional mathematical rounding principles.

- 2720.4 Out-of-service Clearing Time measure – This measure evaluates the percentage of customer troubles that are classified as out-of-service problems that are cleared within twenty-four (24) hours. The following requirements apply:
- (a) For purposes of starting the twenty-four (24) hour time clock to calculate the time period:
 - (1) If an outage report is received during normal business hours, then the time clock begins when the outage report is received by the telecommunications service provider;
 - (2) If an outage report is received outside of normal business hours, then the time clock begins at the beginning of the day on the next business day;
 - (3) If the telecommunications service provider is unable to gain access to the customer premises to repair the out-of-service condition, then the twenty-four (24) hour time clock is stopped until the provider can gain access to the property; and
 - (4) Each telecommunications service provider shall establish its normal business hours in its customer bills and on a page that is readily accessible to consumers on its website.
 - (b) The standard for this measure shall be eighty percent (80%) clearance within twenty-four (24) hours;
 - (c) Results for this measure shall be calculated by dividing the number of out-of-service reports cleared within twenty-four (24) hours by the total number of out-of-service reports received. The result shall be reported as a percentage rounded to the hundredth decimal place using traditional mathematical rounding; and
 - (d) Data collected for this measure shall be disaggregated into residential and business customer categories and reported by those categories.
- 2720.5 Data for all measures shall be collected and reported on a District of Columbia-wide basis.
- 2720.6 Included services – The measures shall apply to the following services:
- (a) Residential access lines;
 - (b) Business single line and Centrex lines; or
 - (c) Voice-grade PBX trunks.
- 2720.7 Exceptions - The measures shall not apply to the following services:
- (a) UNE-P;

- (b) UNE-L;
- (c) DS1;
- (d) DS0;
- (e) DS3;
- (f) EEL;
- (g) Resold services;
- (h) Dedicated non-switched services;
- (i) Wide area telephone service;
- (j) Integrated service digital network services;
- (k) The special service portion of PBX service;
- (l) Broadband services;
- (m) Voice mail and customer premises equipment;
- (n) Inside wire;
- (o) Payphone equipment and service;
- (p) VoIP services; or
- (q) Failures caused by collocation or interconnection problems.

2720.8

Reporting - Each telecommunications service provider shall collect and retain accurate data demonstrating their compliance with the measures in this chapter. Data is to be collected on a monthly basis in a format established by Commission order and these rules. The following applies to the data telecommunication service providers are required to provide:

- (a) Each telecommunications service provider shall submit its monthly reports to the Commission on a quarterly basis, with the months of January, February, and March being submitted on April 30; the months of April, May, and June being submitted on July 30; the months of July, August, and September being submitted on October 30; and the months of October, November, and December being submitted on January 30 of the next year;
- (b) If a telecommunications service provider fails a measure in a quarterly report, the provider shall file an explanation for the failure and a plan to remedy the failure. If the failure was due to data clustering, customer error, or unforeseeable events, then the telecommunications service provider may request a waiver of the performance standard. The request

for a waiver shall contain a detailed explanation of the reasons for granting such a waiver; and

- (c) Each telecommunications service provider shall retain its reporting data for three (3) years in the event that the records are audited by the Commission.

2730 BILLING ERROR NOTIFICATION

- 2730.1 Each telecommunications service provider must inform the Commission and the Office of the People's Counsel when a billing error has affected one hundred (100) or more customers or the number of affected customers is equal to or more than two percent (2%) of the telecommunications service provider's customer base. A telecommunications service provider with a customer base of less than one hundred (100) customers shall report errors when two (2) or more customers are affected.
- 2730.2 Each telecommunications service provider shall file a billing error report within three (3) business days of discovering or being notified of the error. The billing error report shall be filed with the Commission and served on the Office of the People's Counsel.
- 2730.3 The billing error report shall include the following:
- (a) Type(s) of billing error(s);
 - (b) Date of the billing error(s);
 - (c) Number of customers affected;
 - (d) Cause of the error and status of any and all corrective action(s) taken; and
 - (e) Timeline for completing any and all other required corrective action(s).
- 2730.4 Upon receipt of the billing error report, the Commission shall determine whether any further investigation is necessary.

2740 REPORTING REQUIREMENTS FOR SERVICE OUTAGES AND INCIDENTS RESULTING IN PERSONAL INJURY OR DEATH

- 2740.1 The provisions of this section, except as otherwise reflected, shall apply to all telecommunications service providers serving at least one hundred (100) customers or one hundred (100) access lines, excluding telecommunications service providers that utilize local access obtained from the incumbent local exchange provider or another telecommunications service provider via resold or commercially negotiated agreements.
- 2740.2 Telecommunications service providers shall report to the Commission and to the Office of the People's Counsel certain telecommunications service outages and disruptions. Telecommunications service providers shall report incidents that result in the loss of human life or personal injury requiring hospitalization directly or indirectly arising from or connected with the maintenance or operation of the telecommunications system within the District of Columbia.
- 2740.3 All service outages shall be communicated by telephone or email to the Commission and the Office of the People's Counsel as soon as practicable, but not later than one (1) hour after the telecommunications service provider has determined that a service outage has occurred.
- 2740.4 Each telephone or email communication rendered by the telecommunications service provider subsequent to a service outage shall, at a minimum, state clearly the following information:
- (a) The date and time the telecommunications service provider determines that the service outage has occurred;
 - (b) The most specific location in the telecommunications service provider's network of the service outage(s) that is available when the report is filed;
 - (c) The geographic area affected by the outage, including street names and neighborhoods, if available;
 - (d) The estimated total number of customers out of service;
 - (e) A preliminary assessment as to the cause of the service outage(s); and
 - (f) The estimated repair and/or restoration time.

- 2740.5 If the service outage is required to be reported to the Federal Communications Commission (FCC) pursuant to 47 C.F.R. §§ 4.9 and 4.11, then the telecommunications service provider shall file a copy of the same reports with the Commission and the Office of the People's Counsel.
- 2740.6 If the service outage occurs during the Commission's business hours, the telecommunications service provider shall file the relevant Notification Communications Outage Report (NORS) required by 47 C.F.R. §§ 4.9 and 4.11 with the Commission and the Office of the People's Counsel within two (2) hours after the NORS has been filed with the FCC.
- 2740.7 For service outages occurring outside of the Commission's normal business hours, the telecommunications service provider shall file with the Commission and the Office of the People's Counsel within one (1) hour of the next business day the relevant NORS filed with the Federal Communications Commission pursuant to 47 C.F.R. §§ 4.9 and 4.11.
- 2740.8 For those service outages that are reported to the FCC, within one (1) business day of submission of the Initial Communications Outage Report and the Final Communications Outage Report to the FCC pursuant to 47 C.F.R. §§ 4.9 and 4.11, the telecommunications service provider shall file a copy of the District-specific portion of those reports with the Commission and the Office of the People's Counsel.
- 2740.9 If the telecommunications service provider withdraws any report that is submitted to the FCC pursuant to 47 C.F.R. §§ 4.9 and 4.11 as well as the Commission and the Office of the People's Counsel, the telecommunications service provider shall file with the Commission and the Office of the People's Counsel the withdrawal filed with the Federal Communications Commission within one (1) business day of submission of the withdrawal. The telecommunications service provider shall also explain the reasons for the withdrawal.
- 2740.10 The telecommunications service provider shall provide its customer service representatives or other appropriate employees with specific restoration information, including estimated restoration times, to enable the customer service representatives or appropriate employees to respond to customer inquiries regarding the service outage.
- 2740.11 The telecommunications service provider shall file a written report concerning all service outages with the Public Service Commission and the Office of the People's Counsel within five (5) days following the end of a service outage. Each written report shall, at a minimum, state clearly the following information:

- (a) A description of the service outage(s) and/or incident(s) and information as to the cause of the event(s);
 - (b) The actual location of the outage(s) in the telecommunications service provider's network;
 - (c) The geographic area affected by the outage, including street names and neighborhoods, if available;
 - (d) The actual repair and restoration times of the service outage(s) and/or incident(s);
 - (e) A description of the restoration effort;
 - (f) The total number of customers affected by the service outage;
 - (g) A self-assessment of the telecommunications service provider's restoration efforts in the District of Columbia; and
 - (h) A description of the steps that the telecommunications service providers will undertake to prevent such outages in the future or improve repair times and processes.
- 2740.12 The Commission may request additional information concerning any service outage, if necessary.
- 2740.13 Telecommunications service providers shall communicate by telephone or email all incidents that result in the loss of human life and/or personal injury requiring hospitalization, directly or indirectly arising from or connected with the telecommunications service provider's maintenance or operation, to the Commission and the Office of the People's Counsel within one (1) hour upon receiving notice of the incident.
- 2740.14 Each telephone or email communication concerning the loss of human life and/or personal injury requiring hospitalization shall, at a minimum, state clearly the following information:
- (a) The location of the incident(s);
 - (b) The date and time of the incident(s);
 - (c) The total number of persons affected;
 - (d) A brief description of the incident; and
 - (e) Identification of a contact person and contact information.

- 2740.15 A written report concerning the loss of human life and/or personal injury requiring hospitalization shall be submitted to the Commission and to the Office of the People's Counsel within thirty (30) days after the completion of any internal investigation or notification of the completion of any governmental investigation of any incident that results in the loss of life and/or personal injury requiring hospitalization, directly or indirectly arising from or connected with the telecommunications service provider's maintenance or operations. If there is no investigation, the report shall be submitted thirty (30) days after the incident. The report shall include:
- (a) A description of the incident(s) and information as to the cause of the event(s);
 - (b) The location of the incident(s);
 - (c) The exact date and time in which the incident(s) occurred;
 - (d) The total number of persons affected;
 - (e) Any other known relevant information about the incident not provided in the original notification; and
 - (f) The steps the telecommunications service provider will take to prevent such an occurrence in the future.
- 2740.16 The Commission may request, if necessary, additional information concerning any incident that results in the loss of life and/or personal injury requiring hospitalization, directly or indirectly arising from or connected with the telecommunications service provider's maintenance or operations.
- 2740.17 Notifications of PSAP service outages communicated under subsection 2740.4, all FCC NORS reports, and all reports filed under subsections 2740.9 and 2740.13 are presumed to be confidential. Challenges to the confidentiality of these reports shall follow the procedures outlined in the Commission's rules governing confidential and proprietary information. All initial reports for all service outages except for PSAP service outages filed under this section are not presumed to be confidential.

District of Columbia Municipal Regulations:
CHAPTER 27: REGULATION OF TELECOMMUNICATIONS SERVICE PROVIDERS

DCR 3153 (April 20, 2012); as amended by Final Rulemaking published at 65 DCR 8551 (August 17, 2018).

2798 WAIVER

2798.1 The Commission may, for good cause, waive any rule under chapter 27 except where a rule contains a provision that is expressly required by statute.

SOURCE: Final Rulemaking published at 48 DCR 4664, 4670 (May 25, 2001); as amended by Final Rulemaking published at 51 DCR10016 (October 29, 2004); as amended by Notice of Final Rulemaking published at 58 DCR 9020, 9041 (October 21, 2011).

2799 DEFINITIONS

2799.1 When used in this chapter, the following terms and phrases shall have the meaning ascribed:

Abandonment of Certification or Certificate of Convenience and Public Necessity Application – an application to abandon the certification or certificate of convenience and public necessity to operate as a telecommunications service provider in the District of Columbia.

Abandonment of Copper Facilities – removal or disabling of copper facilities; the replacement of copper facilities with fiber-to-the-home loops or fiber-to-the-curb loops; or the failure to maintain copper facilities that is the functional equivalent of removal or disabling these facilities.

Abandonment, Reduction, or Impairment of Service Application – an application to abandon, reduce, or impair the provisioning of telecommunications services in the District, either in whole or in part (including, but not limited to, for a class of customers {such as residential customers or business customers} or customers located in specified geographic areas).

Access line – a telecommunications channel of varying size that is associated with a particular telephone number.

Applicant – a CLEC filing an abandonment of certification or an abandonment of service application.

Business customer – a customer who subscribes to a telecommunications service provider's business services.

Clearing – that the telecommunications service provider has restored the service to the customer, so the out-of-service problem no longer exists.

Commission – the Public Service Commission of the District of Columbia.

Competitive Local Exchange Carrier (CLEC) – any provider of telecommunications service that was not an incumbent local exchange carrier on January 31, 1996 and has been granted certification to provide telecommunications services in the District of Columbia.

Copper Facilities – copper loops, subloops, or the feeder portion of such loops and subloops.

Customer trouble report – a report of trouble on a customer's access line received by the telecommunications service provider. The customer trouble report can be filed by the customer, a third party, or an employee of the telecommunications service provider.

Days – calendar days, unless otherwise provided.

FCC – Federal Communications Commission.

Incumbent local exchange carrier - with respect to an area, the local exchange carrier or its successor(s) that provided local exchange service in such an area on the date of enactment of the federal Telecommunications Act of 1996 (P.L. 104-104).

Installation date – the date set by the telecommunications service provider by which an installation of an access line is to be completed.

Local Exchange Service – a telecommunications service provided within an exchange area.

Local Exchange Carrier – a provider of local exchange service within an exchange area.

NENA standards – the standards adopted by the National Emergency Number Association to provide guidance with 911 and E911 technical and operational issues.

Out-of-service – a condition in which the customer either cannot complete outgoing calls or receive incoming calls or where interference makes connected calls incomprehensible.

Outage report – a report to the telecommunications service provider of an out-of-service condition.

Residential customer – a customer who subscribes to a telecommunications service provider’s residential services.

Retail Quality of Service Measures – the measures used to evaluate telecommunications service providers’ quality of service to retail customers.

Service outage – an outage that lasts for at least thirty (30) minutes and affects one hundred (100) or more retail customers or one hundred (100) or more retail access lines. This definition includes an outage affecting the District of Columbia’s PSAP in one of the following ways:

- (a) A loss of communications to the District of Columbia’s PSAP that is neither on the premises of the PSAP nor caused by the PSAP and no rerouting of calls is available;
- (b) A loss of E911 call processing capabilities in at least one (1) of the E911 selective routers/tandems;
- (c) Isolation of end-office switches or host/remote clusters from E911 service; or
- (d) loss of associated number and associated location information and/or a failure of location determination equipment that is neither on the premises of the PSAP nor caused by the PSAP.

Tariff – a written schedule that describes the service being offered, lists all terms and conditions, and specifies the rate or rates charged for the service.

Telecommunications – the transmission, between or among points specified by the user, of information of the user's choosing, without change in the form or content of the information as sent and received.

Telecommunications industry – communications businesses using regulated or unregulated facilities or services and includes broadcasting, telecommunications, cable, computer data transmission, software, programming, advanced messaging and electronics.

Telecommunications service – the offering of telecommunications for a fee directly to the public or to such classes of users as to be effectively available to the public, regardless of the facilities used.

Telecommunications service provider – an entity that provides telecommunications services. An entity that provides only telecommunications services that are not regulated by the Commission is not included in this definition.

Time Division Multiplexing - is a communications process that transmits two or more streaming digital signals over a common channel. In TDM, incoming signals are divided into equal fixed-length time slots. After multiplexing, these signals are transmitted over a shared medium and reassembled into their original format after de-multiplexing. Time slot selection is directly proportional to overall system efficiency.

Trouble – an impairment of the telephone network, or a deviation from its design specifications.
