INTRODUCTION

This publication contains the updated version of the Consumer Bill of Rights (“CBOR”) that was originally published by the District of Columbia Public Service Commission (“Commission”) in 1979. The Commission has regulatory authority over electric, natural gas, and local telecommunications services in the District of Columbia. The Commission is composed of three Commissioners who are appointed to four-year terms by the Mayor with the advice and consent of the D.C. Council.

The original CBOR was the first written presentation of consumer protection rules that governed the duties and responsibilities of residential consumers and the three electric, natural gas, and local telephone service utility companies. It was developed to address the provisioning of utility services in a traditionally regulated environment.

This updated version provides safeguards for consumers who purchase their electric, natural gas, and local telecommunications services in the current competitive environment. As such, the new CBOR:

- Promotes administrative efficiency;
- Creates uniformity of requirements and responsibilities for the utilities, competitive energy and telecommunications service providers, and consumers; and
- Educates and informs the public regarding their rights and responsibilities in purchasing and providing electric, natural gas, and local telecommunications services in the District of Columbia.

District of Columbia consumers who are experiencing problems with a utility service company or provider should contact the company first. If the problem cannot be resolved, then they can contact the:

OPC staff can provide information, assistance, and legal representation in consumer complaints, public pay telephone complaints, and other matters before the Commission. OPC is located at 1133 Fifteenth Street, N.W., Suite 500, Washington, D.C. 20005. NOTICE OF PROPOSED RULEMAKING

**FORMAL CASE NO. 712, IN THE MATTER OF THE INVESTIGATION OF
THE PUBLIC SERVICE COMMISSION'S RULES OF PRACTICE AND
PROCEDURE**

1. The Public Service Commission of the District of Columbia (“Commission”) hereby gives notice, pursuant to § 2-505 of the District of Columbia Official Code, of its intent to adopt the following amendments to Chapter 3 of Title 15 of the District of Columbia Municipal Regulations, commonly referred to as the “Consumer Bill of Rights” (“CBOR”).¹ The Commission will take final rulemaking action not less than forty-five (45) days after publication of this notice in the *D.C. Register*.

2. The proposed amendments update the existing CBOR, which was developed to address the provision of utility services in a traditionally regulated environment, to reflect the competitive nature of the energy and telecommunications industries and to provide appropriate safeguards for consumers who purchase services in this new, more competitive environment. When approved, these amendments will: promote administrative efficiency; create uniformity of requirements and responsibilities for the utilities, competitive energy and telecommunications service providers, and consumers; and inform members of the public of their rights and responsibilities regarding electric, natural gas, and telecommunications services in the District of Columbia.

Proposed Amendment: The present Chapter 3 is repealed in its entirety and replaced with the following Chapter 3:

300 PURPOSE AND APPLICABILITY

300.1 Technological changes, new federal and District of Columbia laws, and the actions of the Public Service Commission have created competitive natural gas, electricity and telecommunications service markets in the District of Columbia providing residential consumers with new choices. Consumers have access to an array of competitive Service Provider services as well as continued access to the regulated services of Utilities. The purpose of this chapter is to set forth residential consumer rights, responsibilities and rules for the initiation and acquisition of services, such as, but not limited to Meter reading, Billing, Deposits, Disconnections and Reconnections of service and the resolution of Complaints between residential consumers and a Utility, Energy Supplier or Telecommunications Service Provider.

300.2 This chapter applies to those Residential Services regulated by the Public Service Commission (“Commission”) provided by Electric, Natural Gas

and Telephone Utilities, and Residential Services provided by Energy Suppliers and Telecommunications Service Providers licensed or certified by the Commission.

300.3 No residential Customer shall be discriminated against or penalized by a Utility, Energy Supplier or Telecommunications Service Provider for exercising any right granted by this chapter.

300.4 Utilities, Energy Suppliers or Telecommunications Service Providers shall not discriminate against any Customer based wholly or partly on the race, color, creed, national origin, geographic location, sex, or sexual orientation of the Customer or for any arbitrary, capricious, or unfairly discriminatory reason.

301 ENERGY METER LOCATIONS

301.1 Meters shall be located outdoors whenever possible unless extraordinary circumstances prevent it.

301.2 When an indoor electric meter installation is replaced due to modifications in electric service equipment by the utility it shall be relocated outdoors at no expense to the customer. The cost of connecting the Meter to the customer's electric service panel shall remain with the customer.

301.3 Whenever a new natural gas or electric service line is installed or an existing natural gas or electric service line is replaced, the Meter shall be placed outdoors at no expense to the Customer. However, Meter relocation and house piping costs incurred for the convenience of the Customer shall be at the Customer's expense and shall be calculated in accordance with the Commission's approved Tariff for this service.

301.4 If a Meter is located where it is inaccessible for purposes of maintenance, the Customer must grant access to the Meter for maintenance or service Disconnection within the provisions of subsection 310.1. The Customer shall bear the cost of relocating the Meter if it must be moved due to the Customer's affirmative denial of access to the Meter.

302 UTILITY METER READING REQUIREMENTS

302.1 Natural Gas and Electric Utilities, if applicable, shall schedule residential Meters for readings at regular monthly intervals and read within three (3) Business Days of the scheduled date unless the Meter is inaccessible, extreme weather exists, or in the event of other extraordinary conditions.

303 METERS READ BY CUSTOMERS

- 303.1 Whenever a Meter reader is on the premises and cannot make an actual reading, the Utility shall provide Customers with an electronic or telephonic means to report a Customer Meter reading. The Utility shall furnish a Customer a Meter reading card upon request.
- 303.2 Any Natural Gas or Electric Utility Customer may routinely read his/her own Meter and report the reading to the Utility by the means stated in subsection 303.6, so long as the usage is reported accurately and on the schedule specified by the Utility. A Customer's Bill based on a reading by the Customer is subject to increase or decrease based upon later actual reading by the Utility.
- 303.3 If a Utility determines that actual Meter readings have not been made of the Customer's Meter after two (2) consecutive Billing Cycles, the Utility shall provide the Customer with the means to read and report the meter reading to the Utility, as provided in subsection 303.6. The Customer's Meter reading shall be used for billing purposes, except in the following circumstances:
- (a) There has been an actual reading of the Meter by the Utility;
 - (b) The Meter reading has not been timely forwarded to the Utility; or
 - (c) The Customer's reported reading varies significantly from the Utility's estimate of usage; if this occurs, the Utility is required to make an actual reading within seven (7) Business Days unless the Customer does not allow access.
- 303.4 At a Utility's request, the Customer shall provide access to the Meter in order for the Utility to verify the accuracy of readings reported under this subsection. This subsection shall not prevent a Utility from reading Meters on a regular basis.
- 303.5 If a Utility's estimate is used in lieu of the reading submitted by the Customer, the Utility shall make an actual Meter reading when the Meter is accessible.
- 303.6 The Utility shall provide the Customer with instructions on proper Meter reading, the date the Meter must be read and the date the Customer must report a Meter reading to the Utility. A Customer can report a Meter reading by any of the following methods:
- (a) Telephone or telecommunications device;

- (b) Internet;
- (c) Postage prepaid Meter reading card supplied by the Utility; or
- (d) Such other technological means generally available to the Customer and approved by the Commission.

303.7 Upon a Customer initiating service, and annually thereafter, the Utility shall provide information regarding Customer meter readings, including instructions on how to read the Meter and how to obtain the date on which the Meter should be read and the date by which the Customer Meter reading must be returned to the Utility.

304 BILLING

304.1 A Customer shall be provided a Bill at least once during each Billing Cycle, unless otherwise agreed to by the Customer.

304.9 An unpaid balance may be transferred from a Customer's former residential Account in the District of Columbia to the Customer's next residential Account in the District of Columbia.

304.10 A Natural Gas or Electric Utility may, at the election of a Customer, bill a Customer in accordance with a level payment billing program or budget payment plan. - 305.3 No late payment charge shall be levied on any amounts, including deferred payment installments, paid by the due date, or on amounts in dispute before the Commission. Utilities may levy a late payment charge on amounts that are not paid by the due date. Such late payment charges shall be established by tariffs in accordance with the procedure required by the Commission.
- 305.4 Customer payments shall be applied in the following order: first to the applicable Utility for arrears for Commission regulated Charges, oldest item first; next to arrears for non-regulated Charges (i.e., Energy Supplier Charges for gas supply or electricity); next to the Utility for current Commission-regulated Charges; finally, to current non-regulated Charges.

306 DEFERRED PAYMENT AGREEMENTS

306.1 The Utility, Energy Supplier or Telecommunications Service Provider and the Customer may enter into a Deferred Payment Agreement (DPA). The Utility shall include the Utility, Energy Supplier or Telecommunications Service Provider past due balances as part of its DPA. - (b) The amount overdue and the payment terms of the DPA, including down payment amount and installment terms;
- (c) The process that the Utility, Energy or Telecommunications Service Provider will follow, including a notice of Disconnection, to enforce the terms of the DPA;
- (d) A Customer's failure to make a scheduled payment under the DPA when due is a default and places the Account in delinquent status as of the date of default. Late payment Charges shall apply to any default of a DPA and may cause the DPA to become void; and
- (e) The DPA shall state that all subsequent Bills must be paid on or before the due date. Failure to pay all such subsequent Bills as stated will cause the DPA to become void. In such cases, normal collection activities, up to and including Disconnection may resume.

307 DEPOSITS

307.1 A Utility shall not require a Deposit or guarantee from a person who has never been a Customer of the Utility.

307.2 A Utility shall not require a Deposit as a condition of new or continued Utility service on the basis of income level, home ownership, residence location, race, color, creed, sex, age, or national origin.

307.3 A utility shall not require a Deposit as a condition of new service to a person who has been a Customer of a utility before, except under the following circumstances:

- (a) The service of the Customer has been disconnected for nonpayment of a past due balance not in dispute within the previous twelve (12) months; or
- (b) The Customer has in an unauthorized manner, used, diverted or interfered with the service of the utility situated or delivered on or about the Customer's premises within the twelve (12) months immediately preceding the Customer's request for new service; provided, that the following requirements are met:
 - (1) The Customer's service was last disconnected for this reason within the last five (5) years and that the Utility had so notified the Customer in writing, either by U.S. mail or electronically, to this effect; or
 - (2) The Customer either did not file a Complaint with the Commission regarding the Disconnection; or, if a Complaint was filed, final administrative action was taken thereon unfavorable to the Customer.
- (c) The Customer's Account has been delinquent in excess of sixty (60) Days within the previous twelve (12) months.
- (d) The Customer has an outstanding balance due the utility for utility services. In any such event, the provision of new service may be conditioned upon payment of the outstanding balance.

307.4 When a Deposit is required as a condition of new service to a former Customer, the Customer shall be notified in writing of the reason therefore and the amount of Deposit required.

307.5 A Utility shall not require a Deposit as a condition of continued service to a Customer, except under the following circumstances:

- (a) Utility service at the Customer's residence has been used, interfered with, or diverted in an unauthorized manner within the previous twelve (12) months; or
- (b) The Customer's Account has been delinquent in excess of sixty (60) days within the previous twelve (12) months.

307.6 When a Deposit is required of a Customer with service connected, the Customer shall be notified in writing of the reason therefore, the amount of Deposit required, the date due (not less than fourteen (14) days from the date of the first written notice), and that it may be paid in installments.

- 307.7 No Deposit for Utility service shall exceed the lesser of \$100 or 2/12th the estimated annual Bill; provided however, that any company or entity that is subject to or becomes subject to an order of the Commission that is contrary to this provision shall comply with the Commission's order for the duration of the order and any extension thereof. The Utility shall notify the Customer in writing of the reason for the Deposit, the amount, date by which it must be paid, the fact that it may be paid in installments, and the payment options for the Deposit. If the Deposit requirement is thirty-five dollars (\$35.00) or more, the Deposit may be paid in a minimum of three equal monthly installments with the first installment due prior to reconnection.
- 307.8 Each Utility shall be liable for interest on Deposits held from the date the Deposit is made until the date the Deposit has been refunded, or until an effort has been made to refund the Deposit. Each Utility shall pay simple interest on deposits with the rate being established not later than January 15th of each year, equal to the average annual yields of one-year Treasury bills for September, October, and November of the preceding year.
- 307.9 The Deposit with accrued interest shall be credited to any final Bill and any remaining balance shall be returned to the Customer.
- 307.10 A Deposit and accrued interest shall be refunded promptly or credited to the Customer's account by the Utility upon payment by the Customer of all proper Charges for Utility service for twelve (12) consecutive months.
307. 11 A Utility shall maintain a record of all Deposits, showing the customer's name and address or other identifying data, the amount of the Deposit, the date it was paid, and the interest earned and paid thereon.
307. 12 Each Customer posting a Deposit shall receive confirmation containing, at a minimum, the following information:

- 307.14 An Energy Supplier may require a Deposit from any Customer if authorized by its license.
- 307.15 In lieu of a Deposit a Utility, Energy Supplier or Telecommunications Service Provider may offer to accept a written guarantee of payment from a responsible party. A responsible party shall include any customer of the Utility, Energy Supplier or Telecommunications Service Provider whose account has not been delinquent during the preceding twelve (12) months. A Utility, Energy Supplier or Telecommunications Service Provider is not obligated to accept a written guarantee from a party who is not a Customer. The Utility, Energy Supplier or Telecommunications Service Provider shall not require a written payment guarantee from any Customer ready, willing and able to make a deposit as authorized by this chapter.
- 307.16 A guarantee shall be in writing on a form approved by the Commission and shall contain the following provisions unless otherwise agreed to by the Utility, Energy Supplier or Telecommunications Service Provider and the guarantor:
- (a) That it is for an initial term of one (1) year;
 - (b) That the guarantor agrees to pay the Utility, Energy Supplier or Telecommunications Service Provider within ten (10) days of demanding the balance outstanding in the guaranteed account upon termination of service to the account. The guarantor shall be liable only for amounts accruing to the account of the customer during the term of the guarantee;
 - (c) That upon failure of the guarantor to satisfy a written demand within ten (10) days, the Utility Energy Supplier or Telecommunications Service Provider shall include the amount in the guarantor's next monthly billing. In such event, the amount transferred to the guarantor's bill shall be considered to have been incurred in providing service to the guarantor. The guarantor shall have the same right to challenge an account balance as is enjoyed by the customer. Should the guarantor receive service from another service provider other than the Utility, Energy Supplier or Telecommunications Service Provider, that is a party to the guarantee, the Utility, Energy Supplier, or Telecommunications Service Provider may pursue its right to recover under applicable District of Columbia law. That, notwithstanding the terms of such guarantee, the guarantee agreement shall terminate upon satisfactory payment by the Customer of all proper charges for services for a period of twelve (12) consecutive months. Payment is deemed satisfactory if the Customer's service is not terminated involuntarily, or if the Customer's account has not been delinquent

for an excess of sixty (60) days within the previous twelve (12) months. The Utility Energy Supplier or Telecommunications Service Provider may withhold the release of the guarantor pending the resolution of any dispute regarding the Customer's account or amounts transferred to the guarantor's account; and

- (d) Prior to the signing of a guarantee agreement, a Utility Energy Supplier or Telecommunications Service Provider employee shall explain to the potential guarantor the consequences of the agreement. The employee shall obtain written acknowledgement from the guarantor that the oral explanation took place.

307.17 The deposit and guarantee provisions of this section shall apply only to those cases in which the Utility, Energy Supplier or Telecommunications Service Provider requests a deposit from a Customer.

308 USE OF CUSTOMER'S INFORMATION

308.1 An Applicant or a Customer need not disclose his or her Social Security number to the Utility, Energy Supplier, or Telecommunications Service Provider to obtain or maintain service. Upon requesting a Customer's social security account number, the utility shall inform the Customer that the provision of the number is voluntary and will not affect the provision of service to that Customer.

308.2 A Utility, Energy Supplier or Telecommunications Service Provider shall not disclose information that reveals the status of the Account of any individual Customer without the Customer's consent or upon dictate of lawful authority. A Utility, Energy Supplier or Telecommunications Service Provider may rely upon written or oral representation of the Commission or the Office of the People's Counsel that consent has been granted.

308.3 Unless a Customer consents in writing, Utility, Energy Supplier or Telecommunications Service Provider may not disclose or use information that is (1) about the Customer, and (2) was supplied to the Electric or Natural Gas Utility or Energy Supplier by the Customer for any purpose other than the purpose for which the information was originally acquired.

308.4 The restrictions in §§308.2 and 308.3 above do not apply to lawful disclosures for Bill collection, credit rating reports, or to assist Customers who have had their service involuntarily disconnected. It shall be the responsibility of the Utility, Energy Supplier or Telecommunications Service Provider to obtain and maintain the written consent referred to in §§308.2 and 308.3 above. This information shall be made available to the Commission upon request.
